EFQM Model

Excellence Framework for Organisational Management, promoted by European Foundation for Quality Management (EFQM).

Excellent organisations achieve and sustain outstanding levels of performance. The EFQM Excellence Model allows people to understand the cause and effect relationships between what their organisation does and the results it achieves. TVED can use it to determine their current “level of excellence” and where they choose to improve their efforts for maximum impact on children’s outcomes and life chances. The model also helps to ensure that business decisions incorporate the needs of the children and stakeholders that are ultimately aligned with the objective already mentioned.

Tees Valley Education’s scheme of delegation is designed to:

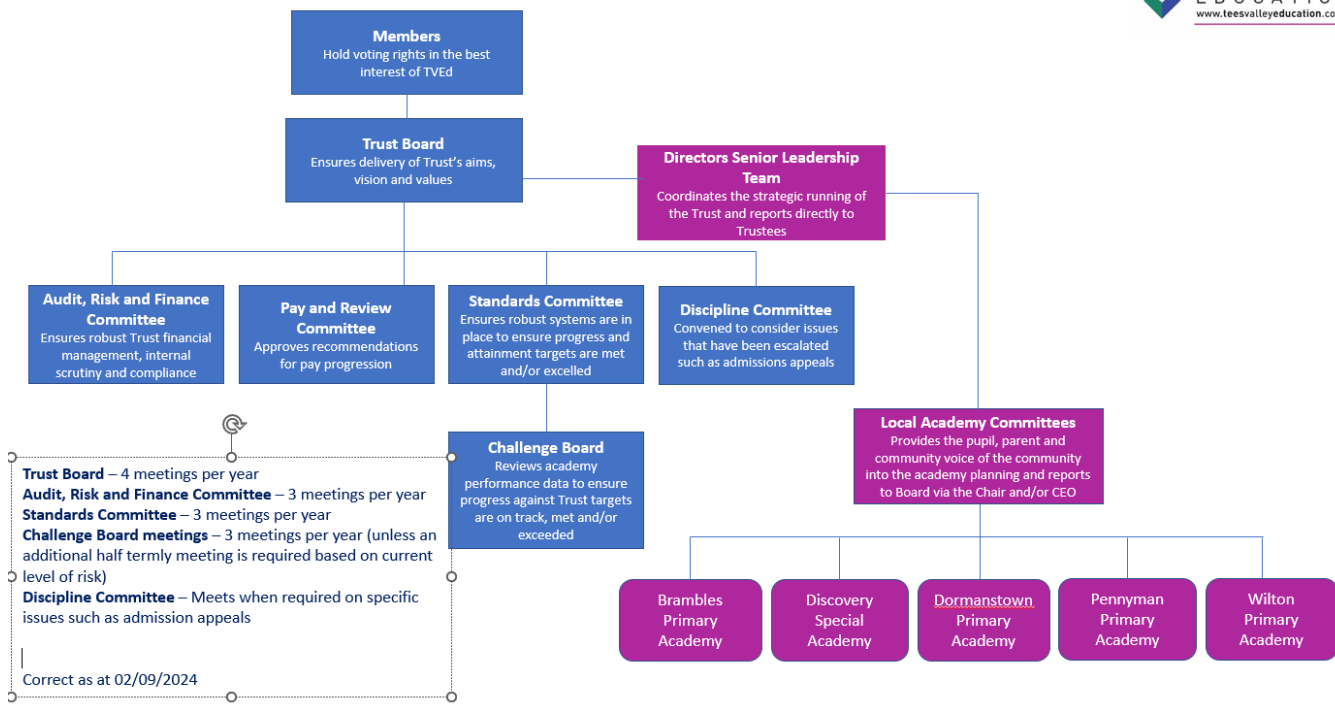

- Ensure the executive leadership is clear about which decisions the Trust Board remain responsible for
- Ensure that the role of the executive leadership is fully understood throughout the MAT
- Promote a culture of honesty, transparency and accountability
- Identify responsibility for key strategic appointments and performance management (eg CEO, Deputy CEO, Directors, Head Teachers and Deputy Head Teachers, Heads and Deputy Heads of Academy)
- Identify responsibility for policy and practice (Trust/academy)
- Identify responsibility for setting and management of each academy’s budget
- Identify responsibility for assessing, managing and pre-empting risk in each academy and across the Trust
- Identify responsibility for children’s outcomes and educational entitlement

The scheme of delegation will assist leaders at all levels to fulfil their roles throughout the Trust. This will in turn help the Trust to enable all of our pupils to be the very best learners, citizens and community advocates they can be and ensure they can play a fulfilling and productive role in the future economy.

The role of the members

The members of the Trust have a different status to trustees. They are the signatories to the memorandum of association and agree the Trust's articles of association (a document which outlines the governance structure and how the trust will operate). The articles of association describe how members are recruited and replaced. The members appoint trustees to ensure that the trust's charitable object is carried out and so must be able to remove trustees if they fail to fulfil this responsibility. Accordingly, the trust board submits an annual report on the performance of the trust to the members. Members are also responsible for approving any amendments made to the trust's articles of association and are required to ensure the trust's governance arrangements are effective

The role of the trustees

The trustees are the charity trustees (within the terms of section 177(1) of the Charities Act 2011) and are responsible for the general control and management of the administration of the trust in accordance with the provisions set out in the memorandum and articles of association. The board of trustees is the accountable body for the performance of all schools within the trust and as such must:

1. Ensure clarity of vision, ethos and strategic direction
2. Hold the executive to account for the educational performance of the schools and their pupils, and the performance management of staff
3. Oversee the financial performance of the trust and make sure its money is well spent to provide the best outcomes for the children

As trustees are bound by both charity and company law, the terms 'trustees' and 'directors' are often used interchangeably. We use the term trustee as it avoids the possible confusion caused when

executive leaders are called directors but are not company directors and trustees.

The trust board is permitted to exercise all the powers of the academy trust. The trust board delegates to the chief executive responsibility for the day-to-day operations of the trust. The 'Scheme of Delegation' delegates any other governance functions.

The trust board has the right to review and adapt its governance structure at any time which includes removing delegations. However, there is an acknowledgement that some decisions can only be made by Trust Board e.g. signing off the annual accounts, appoint a named individual as its accounting officer, strategic decisions about the trust's estate and constitution of the board of trustees.

The role of committees

The trustees have established committees either with delegated authority to make decisions or for the purpose of providing advice and support, informing the overall work of the trust board. However, these committees are not legally responsible or accountable for statutory functions – the trust board retains overall accountability and responsibility.

The responsibilities of board committees are set out in their terms of reference (see links to web site).

- [Trust Board](#)
- [Audit, Risk and Finance Committee](#)
- [Standards Committee](#)
- [Challenge Board](#)
- [Local Academy Committee](#)

The trust board appoints committee members and committee chairs.

The role of the Chief Executive Officer (CEO)

The CEO has the delegated responsibility for the operation of the trust including the performance of the trust's academies and so the CEO performance manages the academy Head Teachers. This is done in partnership with a Trustee.

The CEO is the accounting officer so has overall responsibility for the operation of the academy trust's financial responsibilities and must ensure that with the Director of Finance, Resources and Operations the organisation is run with financial effectiveness and stability, avoiding waste and securing value for money.

The trust's senior leadership team (SLT) comprises the CEO working with a Deputy CEO and four directors:

- Director of Trust Improvement and Standards;
- Director of Inclusion and SEND Resources; and
- Director of Finance, Resources and Operations
- Director of PLACE

The CEO delegates executive management functions both collectively to the SLT and to individual directors. The CEO manages the directors and is accountable to the trust board for their performance.
